REQUIREMENTS OF PROGRAM AND RULES OF CONDUCT

1. Each student is required to have a Student Application completed, *and then* signed by the parent/guardian, in the presence of GXG trainer, at or before the first class. Every student will receive a opportunity to link with our support team, to generate a support plan. This will require the parent's approval in the application. Once an initial application has been signed, and entered into the system, a home visit can be set up to have an assessment closed on, and support systems of mentoring engaged. This agreement can then go into a folder, along with the student's weekly training and homework review. This class review will require a parent's signature, every week. This will allow us a means to maintain contact with the parent so that the status of the student remains steady.
2. Parents will be responsible to pick up and drop off each student. We are not responsible for the youth, while going to and from each service site, including conduct and issues of going straight home. While the student is at the center, the student must comply with the following sets of rules as well as the team trainer daily directions. The student may not come to the center early, or stay after, unless they have another agreement with that center, for another activity.
3. A student cannot invite any person(s) to accompany them, to include brothers and sisters.
4. Excessively Disruptive activity is not permitted. Each team trainer will decide what is Excessive.
5. No open drink(s) or food(s) shall be allowed in the training room. No illegal drugs, what so ever. No prescription drugs, (without parental verification). No tobacco products of any kind. No beverages containing alcohol are prohibited on property. These items are Grounds for direct suspension from program

By not adhering to the Rules of Conduct, the Student faces removal of himself/herself from this program.

We at this group service maintain the right to cancel the acquired services provided to a student, if we feel they or the group is being disrupted, excessively. We are here to deal with disruptive behavior; however, excessive behavior isn't permitted.
